

29 June 2005

The Chemical Group - of which AP Chemicals Ltd is a part - has production plants in the UK and Italy. This enables the group to ensure stability and consistency of supply to its customers. To reflect the group's strength, the name of Chemical is to become global. Therefore, effective July 1, 2005, AP Chemicals Ltd will change its name to **Chemial UK Ltd**.

Telephone and fax numbers will continue unchanged.

From 1 July 2005, email addresses will change so that "**@apchemicals.co.uk**" becomes "**@chemial.com**"; however, any email sent to the old addresses will be rerouted.

The company's address, VAT number, bank account numbers, registered address and registered company number will also continue unchanged.

Customer service and responsiveness to customers' needs continue to be a central feature of Chemical Group.
